THANOJ BUDDHIMA

+94 77 243 4352 | thanojbuddhima2003@gmail.com | thanojbuddhima.top | GitHub | LinkedIn

Professional Summary

Information Technology undergraduate applying for a **Software Engineering Internship**. Contributed to 2 deployed, non-academic products, spanning full-stack delivery, API and data design, asynchronous processing, testing, CI/CD, and production debugging. Experienced with Java, Python, TypeScript, cloud-native fundamentals, and collaborative engineering, with multiple hackathon and competition wins.

Education

University of Moratuwa 2023-2027 (Expected)
B.Sc. (Hons) in Information Technology Sri Lanka
CGPA: 3.438/4.00

Richmond College, Galle 2022
G.C.E. Advanced Level - Physical Science: Combined Mathematics (A), Physics (A), Chemistry (B)

Technical Skills

Engineering: Java, Python, C++, TypeScript, JavaScript, React, Next.js, Node.js, NestJS, FastAPI, REST APIs

Data & Platforms: PostgreSQL, MongoDB, SQL, Kafka, Flink, Redis, OAuth/JWT, asynchronous job processing

Quality & Delivery: Testing, debugging, Docker, GitHub Actions CI/CD, Git, Linux, AWS and Kubernetes fundamentals

Awards & International Recognition

Champion - AI Challenge Sri Lanka - IEEE Young Professionals Sri Lanka Agentic AI Competition 2026

Champion - BITCODE V6.0 - BITSA, Rajarata University six-hour software hackathon 2026

Champion - InnovateX - Zebra Technologies innovation hackathon 2025

Champion - OctWave 2.0 - IEEE IAS UoM Kaggle-based ML competition 2025

2nd Runner-up - IgniteX by Hutch - Hutch Sri Lanka competition 2026

1st Runner-up - Cre8x 3.0 - BCS Student Chapter, KDU UI/UX Designathon 2026

1st Runner-up - Hackelite 2.0 - IEEE WIE, University of Moratuwa 2026

2nd Runner-up - Codesplash(Agentic AI Phase) - CSSA University of Kelaniya 2026

Selected Projects

Piyoway - Production Travel Platform | Website 2025-2026
Next.js, NestJS, PostgreSQL, Docker

- Contributed 60+ commits to a live platform serving approximately **200 users**, implementing CI/CD, observability, OAuth/OTP, bot protection, and performance fixes.

SuwaPath - AI Healthcare Navigation Platform | GitHub 2026
Python, FastAPI, React, TypeScript, LangGraph, PostgreSQL

- Engineered an AI-powered healthcare navigation platform using ML, computer vision, and a LangGraph multi-agent system with a 23-rule deterministic triage engine; integrated clinical concept mapping, specialty-demand forecasting, and medical report OCR. Detected all 8 emergency cases across 114 clinical vignettes, completed 150+ automated agentic scenario checks, and won Champion at AI Challenge Sri Lanka.

BioFusion - Explainable Pneumonia Detection | GitHub 2025-2026
Python, ResNet50, Grad-CAM

- Built a sensitivity-first chest X-ray screening pipeline with weighted training and explainable predictions; achieved **96.67% recall, 0.90 F1, and 0.94 AUC-ROC**. Placed among the Top 5 teams at BioFusion.

Marga.lk - Career Guidance Platform | GitHub 2026
React, Node.js, PostgreSQL, JWT

- Built a multilingual career-guidance platform with JWT authentication and REST APIs, implementing database-driven career matching, personalized learning roadmaps, progress tracking, mentor workflows, and moderated community stories. Achieved First Runner-up at HackElite 2.0.

Garbo - Smart Waste Management Platform | Backend | Dashboard | Mobile App 2026
Java, Spring Boot, PostgreSQL, Google OR-Tools, OSRM, WebSockets

- Developed a municipal waste management platform with 6 user roles, council-level data isolation, and RBAC; implemented vehicle-capacity-aware route optimization using Google OR-Tools and OSRM, real-time WebSocket updates, Firebase notifications, and GPS-enabled complaint reporting.

Engineering Experience

Full-Stack Developer - Team & Commercial Projects 2025-Present
Gmora(9 member team) and Independent Projects *Sri Lanka*

- Build and production-harden Piyoway, BikeRentHub, and Quizzly across responsive UIs, REST APIs, authentication, data persistence, asynchronous work, and operational admin workflows.
- Implement automated tests, CI/CD, Docker/Vercel deployments, monitoring, performance fixes, and security controls while coordinating requirements and releases with project teams.

STEM Intern 2025-2026
Gavesha Labs *Sri Lanka*

- Created STEM learning resources and technical content, applying research, communication, and teamwork skills to educational initiatives.

Certifications

- Supervised Machine Learning: Regression and Classification - DeepLearning.AI (2026) | Certificate
- Intro to Deep Learning - Kaggle | Certificate
- Pandas - Kaggle | Certificate

Leadership & Community

Webmaster 2026-Present
IEEE Power & Energy Society, University of Moratuwa

Mathematics Olympiad Training - Southern Province 2024-2025
Tutored and mentored students participating in mathematics Olympiad training.

Sasnaka Sansada 2023-2024
Contributed to the Ganitha Saviya initiative and mathematics seminars reaching students across more than 40 schools in Sri Lanka.
